Welcome to our 2013 Annual sale. We have a real good crop of calves born in 2012 and look forward to your evaluation at this year's sale. We will be selling Hereford and Angus bulls and bred heifers and Hereford heifer calves the cattle selling are out of some of the leading genetics that the breeds have to offer. Our cattle can hold their own in the show ring or out on the range or in the pasture and are guaranteed to do it.

Jay and Whitney took two pens of bulls to Western Nugget Show in Reno, Nevada and had a very successful show. They had Reserve Champion Pen of Three, Champion Winter Calf and Reserve Champion Junior Calf. All six of these bulls are in the sale and we think you will really like them.

We are also proud of the crop of grandkids that are coming up starting to show. There will be pictures throughout the catalog of them and their heifers. The other great accomplishment that happened in 2012 was that Norma's mother "Grandma Tony" celebrated her 100th birthday in August. We had a big party for her and are happy to report that she is still doing well. We think of all the things she has seen in her life time it make us look back in our own lives and look at the things we as purebred breeders have done to make better genetics for you as our customer. Raising seed stock has always been our business and our only business. We value your business and friendships and hope to continue to fill your needs.

Please plan to join us for the presale dinner on the evening of February 10th at the Connell Community Center at 5 pm.

We hope to see you all on February 11th!

B2003 has had Herd Bull written all over him since the day he was born, without doubt one of the best prospects we have ever raised. He is perfectly marked with red eyes and red right down to the ground, he is the color to sire those bulls that range bull buyers would like them all to look like. 2003 is thick butted with great bone and feet. Lee Haygood's remarks at the Reno Hereford show was he has all the things about him to be a herd sire. 2003's actual birth weight is 77 lbs. 2003 was in one of our pens of three at Reno and went on to be the Reserve Calf Champion to Colyer's Grand Champion bull at Reno. This calf's dam 5160B is a real good 9131J cow. 9131J sired calves when he was 12 years old. Words really can't describe how much potential I think this calf has. We will retain 1/2 interests in this calf. His weight on Dec 29 was 1310 lbs Scrotal is 39

B1181 is another outstanding 626S sired calf, you would be hard pressed to find one as thick. He was in our older pen of three at Reno and went on to be Fall Calf Champion at the Reno show. He is red eyed dark colored. A really good prospect with high EPD's and a moderate actual birth weight of 75 lbs. He is probably the best among a get set of November and December calves 10 by 626S and 2 by 3007. We are really proud of this winter set of bulls. I think there is several herd sire prospect among them. 1181's actual BW 75 lbs, adj 205 day wt 791 lbs. His weight on December 29 was 1355 scrotal 39.5 cm. Selling 3/4 interest and full possession.

B1171 is a big stout range bull with fantastic EPD's. 1171 was the third member of our older pen of three bulls at the Reno pen show. One would look a long way to find a set of EPD's like this bull has CED .7, BW 3.9, WW 55, YW 97, M 23, M&G 51, REA .4, marbling .27, and a actual BW of 73 lbs, adjusted WW 759, scrotal 38.5 cm and wt on Dec 29 of 1245. B1180 and B2003 are in my opinion sure fire herd bull prospects. He has all the bells and whistles to make a great herd bull, dark red colored, red to the ground big red eyes 100% pigment. He is thick, square and correct on great feet. He has an excellent mother by 3007, she is a cow that we have flushed. She has a great udder and is just a real good looking cow. He has a great set of EPD's CE .6, BW 2.7, WW 49, YW 88, M 27, M&G 46, actual scrotal of 39.5, fat -.01, REA .44, Marb .11, actual BW 70 lbs and adjusted 205 weight 740, weight December 29 1280 lbs. These are the kind of balanced EPD's and actual numbers one needs in a Herd Bull. Selling 1/2 interest.

B2036 was the lead bull in our Reserve Champion pen of 3 bulls at Reno. This has been one of Jay's favorite bulls all along. He is sired by 626S and out of a 3007 cow, the sisters with this pedigree are making some of our best young cows. 2036 is well marked medium colored full pigment on one eye. He is thick and well balanced, he stood 2nd in class to Colyer's other pen bull. 2036 has great EPD's CE .4, BW 3.5, WW 53, YW 99, M 22, scrotal 39 cm, Fat -.03, REA .74, Marb .17, actual birth weight 84, weight on Dec 29 1140. He is long bodied very well balanced straight made calf. His dam is a very good 1065 cow that is out of a very good 4033 cow. He is well marked medium to light colored very little white and some pigment. He has an actual BW of 78 and scrotal 37 cm, on Dec 29 he weighed 1160. Selling 3/4 interest and full possession.

B2037 was the middle bull in the Reserve Champion pen of three. He has a great pedigree being out of Yankee and 8038 cow by our Bonnie J L1 Domino 2637 straight L1 herd bull. This bull is medium colored, full pigment in both eyes, thick and stout. 2037 has 82 lbs actual birth weight which in our opinion is fairly moderate. His other numbers put him in the top % of EPD's his Scrotal 37 cm. Weight on Dec 29 1005. This is a real prospect we will sell 3/4 interest and full possession.

Lots 9 thru 66 I can not tell you how really good this group of calves are from one end to the other. They have excellent EPD's a lot above the Hereford breed average. They for the most part have really good birth EPD's. They are a great colored set of bulls very little white and lots of pigment. Great weaning weights and really good yearling weights. We measured the yearling scrotals of the the November thru February calves as you can see below in their pedigrees. We will have scrotals on all of the calves at sale time as well as a current weight.

My partners got this bull down in the order farther than I think he should be. He has absolutely fantastic EPD's. A sure fire heifer bull. He has big coon eyes red to the ground and thick as can be. Actual BW 75 lbs 2.7 BW EPD, WW EPD 62, YW 104, M 26. Selling 1/2 interest.

FALL HEREFORD BULL CALVES

Fall Bull Calves Lot 67 thru 79 Ages August thru October. Big Stout set of bulls with very good EPD's weighing on December 29 from 1325 to 955. Six of these bulls are sired by 3007 our outstanding old Mark Donald bull that is 10 years old this year and has never looked better. We are so proud of the daughters we have out of 3007 as a group they are the best uddered females we have. These six bulls will have an average BW of about 3.0. In this group there is one very good 626S with a 72 lb BW. With excellent EPD's. There are 3 7127 bulls, 7127 being a ¾ brother to 626S. These bulls out of 626S and 7127 are real meat machines and record over 100 lb YW EPD's on a regular basis. To round out this group are three bulls out of 2637 the good old female sire that is straight Line 1 and is sired by a bull Cooper used 1050 that was a straight Miles City bred bull. 2637 breeds low birth weight, we used him on heifers for years and he produced cows with great udders. For you buyers that are looking to get bulls ready to turn out and go to work at a reasonable price look at this set of bulls.

Lots 80 thru 124 This is without doubt the best set of coming 2's we have had in several years. They are big and stout with a high percent of them with red eyes many of them with goggle eyes. In this groups of bulls the lots 80 & 81 are bulls that could have been promoted as herd bulls, they both have 100% large pigment around both eyes. They both are thick heavy boned, they are really good bulls. In this group of bulls there is 21 sired by 626S. There are 2 Yankees and 1 Yankee grandson. There are 3 bulls by our good Harland bull from Stuber 239W. 3 by 429W our Harland heifer bull. There are 3 bulls by 945 our really good Ottley Harland bull. Lot 124 Is a very good polled bull sired by Tailor Made and out of the best polled cow Hank Nelson and I own. Those looking for a top polled bull this is him he is dark colored and red eyed just the way you want him. I need to repeat those 626S are the real deal, you could drive the wheels off your pickups and not come up with a set of range bulls like these.

ANNA & IVY (AN 8180 DAUGHTER)

We do not have many Angus this year but they are mighty. The top 4 bull calves are incredible in our opinion. The first calf 2006 is sired by the bull we call Apple Jacs. This is a fabulous young bull by Missing Link that we bought from Jacs Ranch in Arkansas. This bull is incredible on how he stays in shape in the pasture. 2006 is big and stout. The next calf 2009 is by J72 the bull that Mike Paul bought from Hoover Angus. J72 had a 18 inch ribeye scan and he is a great breeding bull. Mike has some fabulous bull calves by him. The calf 2002 is out of 8180 this makes him a half brother to Final Answer, Genex's leading sire. There are 3 more really good bull calves and 3 fall bulls that would be great heifer bulls.

This gets us to maybe the most interesting Angus bull in the sale, Ludacris. This is Whitney and Kade's show bull. The great grandkids have had a super time with Ludicris, Kade at 3 years old could show and lead him around the ring or any place. His dam is Whitney's show cow that won many times and she was sired by 409 the Bob Schoessler bull that had over a 20 inch rib eye. I hope someone recognizes this bull for what he is and buys him for a herdsire. He is the real deal. Selling 2/3 interest and possession.

OUR CHAMPION SHOWMEN

We have a set of really fancy heifer calves that will make tremendous cows and great show heifers.

We are also offering, for the first time, a chance to buy some great spring bred Hereford and Angus heifers. They are bred to some outstanding heifer bulls.

The Hereford bred heifers were pasture exposed to 4 services sires (B1010, B1015, 1050 and B1141) from May 1, 2012 to August 25, 2012. They have all been pregnancy checked.

The Angus bred heifers were pasture exposed to Jacs Missing Link 9938 from May 1, 2012 to August 25, 2012. They have all been pregnancy checked.

Please see the Service Sire pedigrees in the bred heifer section of the sale catalog.
