## **Terms & Conditions**

Terms of the sale are cash. Each animal sold to the highest bidder without reserve. The auctioneer will settle any disputes as top bids by declaring all bids off and reselling the animal in question. Every animal in this sale is, to the best of our knowledge, free from any disease or defect. All animals are guaranteed breeders. If an animal fails to breed after a trial of six months, and if it proves to be a breeder, to return it to the buyer at the buyers replacement of equal quality in our next bull sale. If the replacement bull is purchased at a lesser price, he will nevertheless constitute full replacement and settlement of the account.

When making settlement please leave specific instructions on transfer of animal and delivery information. Registration certificates will be transferred to purchasers.

Each animal will become the property of the buyer as soon as sold. Cattle will be cared for a reasonable length of time at the purchaser's risk.

Everyone attending this sale does so at his own responsibility and risk and without liability on the part of the owner's or their employees.

## **Delivery**

BB will assist you in the delivery of animals purchased in this sale. We will deliver animals with a purchase price of \$3500 or groups of animals with a total purchase of \$5000 within this state or adjoining states, all other animals will be delivered or arrangements for delivery will be made at the most reasonable cost.

## **Airlines:**

To Spokane: All National Air Lines  
To Pasco: Delta, Horizon, United Express

## **Motels:**

Connell has two good ones.  
Tumbleweed Motel, (509)234-2081  
M&M Motel, (509)234-8811  
Pasco, 35 miles South, has a number of excellent ones  
Othello, 20 miles west, has two, Best Western-Lincoln Inn, Cabana Motel.

## **Welcome to our Building a Dream Sale.**

We are so proud of this sale offering. We hope you will take the time to look this group of cattle over and seize an opportunity to buy bulls and heifers of this quality. The highlight of this years calves was Jay and Whitney took 7 bull calves to Reno, to show in the new pen show and won Champion Pen with the pen of March calves sired by 626S. We couldn't be prouder of these calves and how they have come into their own. These 7 bulls are as promising herd changers as we have ever offered. But there is a lot to be said of this set of bull calves as a whole. You will be hard pressed to find better breeding bulls than 626S and 7127. This will also be our first offering out of Tailor Made a bull raised by Harvie's out of Alberta. Our fall and coming-two-year old battery Hereford is as strong of set as a ranch could dream of raising. You will need to take a look at our Angus bulls; they are a great set, with many 1/2 and 3/4 brothers. There will be 10 top heifer calves that would be show heifer prospects or something to just add to your herd for a new seed stock prospect. Also new for this year we are going to sell 30 bred heifers out of some of the leading herd sires in the breed. We will furnish pregnancy dates at sale time; don't miss this rare opportunity to buy seed stock females of this caliber. Please join us for our 2012 sale and our presale dinner on the evening of February 12 and sale day February 13th.

We will see you on the 13th !

This is a big stout 3027 calf is definitely a herd bull prospect with his super EPD's with a spread of 2.3 BW to 103 YW, 26 M, 0.46 REA, 0.16 Marb and \$32 CAB. The way you get really good prospects out of 3027 is have a really powerful cow. This Monument daughter is out of a real powerful Sandman cow that Jolene showed in the Jr Hereford show season of 2001 and won several times. She has gone on and been a great cow. This calf has more bone and rear end than a lot 3027's. This bull is well marked and has the look of a real herd sire. We are selling 1/2 interest and full possession.

B1026 has been a favorite from birth being out of one of my favorite cows on the whole ranch. She has been an outstanding cow. She is thick and deep bodied just the kind of cow that crosses well with 3027. 1026 is without a doubt one of the best herd bull prospects we have ever raised with an EPD spread that is one of the best in the breed BW 1.1 and YW 91 M 29 WW 56 SC 1.1 REA .49 Marb .24 calving ease direct 5.5 CHB \$32. That is a wonderful EPD profile on top of this is one of the most rounded calves for phenotype you can raise. Really long clean thick a well balanced well marked red to the feet pigment around both eyes. We think you would have to search the whole country to find one as good. He really covers all the bases. Selling 1/2 int and 1/2 possession. 1026 was a Reno pen of 3 bull.

B1059 was the lead calf in our Reno Champion Pen of 3. We are really proud to have the Champion pen of 3 at the first pen show in Reno Nugget show. This is a beautiful calf. He has big coon eyes and is red right to the ground. He is extremely long bodied, heavy boned and clean made. All three of our pen calves are sired by 626S a great breeding bull we got from Dale Venhuizen. His dam is a cow that Leslie raised from the old original 4387B cow that Bud Oswald gave her in 1984. This cow lived to be 20 years old and raised a whole herd of good cows for Leslie. 5065 is a granddaughter of the original cow and a daughter of the great old 4033 one of the most outstanding bulls for his daughters. 5065 is no exception. She gives lots of milk has a great udder and has red eyes. 1059 is a definite herd sire prospect. Selling 1/2 interest & 1/2 possession.

The middle bull of our Champion Pen of 3. The biggest rugged heaviest boned bull in the sale for his age. He has big goggle eyes has been thick and rugged from the day he was born. He will put real shape in his calves those calves that show muscle expression. His dam is a very good 3007 daughter out of a super Mark Donald bull that sires the best cows we have ever had calve on the ranch, great udders a lot of milk and this cow is one of the best ones. Selling 3/4 interest and full possession.

This is the other 626S Champion Pen bull. This rascal is thick and deep bodied out of one of the great cows you will see. She is a daughter of Monument out of the dam of 3007. She is deep and thick as you can find with a nice udder. These three calves in this champion pen of three are a uniform as you can find. It would be a great if someone could buy these 3 bulls and keep them together to make a cow herd better and a great set of uniform calves. Selling ¾ int and full possession.

B1009 is a son of Yankee out of one of our oldest Monument daughters and she has been an excellent cow. 1009 was the 3rd calf with 1018 and 1026 for our second pen of three and they were very popular. This is one of the best Yankee calves we have had. We think the pictures of these calves in our ads in the Hereford World and Hereford America are the finest we have ever had so it speaks well for the calves because pictures don't lie. This is a good colored thick big and well balanced. He is sure good enough to be a herd bull. Selling ¾ int and full possession.

A very fancy young bull calf sired by 7127. Everyone that sees him thinks he could sire show steers and heifers that would be competitive in Jr shows. He is a really fancy attractive calf out of one of the first Yankee daughters (8012B) to calve at BB. 8012 also is a granddaughter of 0253B one of our most famous Hereford cows of all time, she was the dam of more Hereford herd sires of any bull among them are 5376 and 9410. She has a great udder and has raised 2 really good calves. We took him to Reno as an extra in case something happened to one of the pen bulls but we didn't need him in the pen show so we show him in the open show where he was 2nd in his class even though he was the youngest. He would be a bull that could show next year if one wanted to. His sire got hurt this summer and we had to sell him so we will keep ½ int in this bull. Selling ½ interest and ½ possession.

This Yankee calf is a really thick soggy calf with lots of rear end, long bodied. He will sire steer calves that will be efficient and good doers. He has very little white and is red to feet and red necked. He has a very good 013 Sandman dam that goes back to 5030 the mother of our high selling bull in Reno a few years back, also to the Bird bull that was very popular and the Pedrette bull 804 twice in the pedigree. This bull has top performance cattle all through his pedigree.

This 626S calf fits right in with the pen of three bulls coon eyes on both eyes thick from end to end and extremely long bodied. He is one of the heaviest big framed calves in the bunch. His dam is a big good doing Sandman 0257 daughter, some of the very best cows on this ranch are out of 0257 and this is one of the good ones. She is a double bred Sandman 32F. She raises one of the best every year.

This 626S calf is the heaviest for his age of any bull in the sale. He reminds me of the big stout bull that Jake Harder bought a couple of years ago. They just stood out in there crop of calves His mother and the mother of 1058 are sisters and they put a little extra in their calves. This 5249 is one of the best and her mother is a 4033 cow (7236) was also one of the best.

This 7127 son is out of one of our favorite cows on the whole ranch. She is freckle faced and brown pigment on her udder and she has nearly a perfect udder. She is very feminine and a great milker. She has a very fancy calf that is sure to sire good udders and lots of milk. This calf is like all of the 7127, they are just a little fancier and showy than most of the rest of the calves.

**Lot 15 & Lot 16** These two polled calves are the first 2 calves that we have sired by the great Harvie bull Tailor Made. They are really fancy made dark red, red eyed. They look like the kind that could sire real show cattle. Show heifers and steers for Jr shows. They are square hipped and clean fronted. 1033 is out of a really good New Idea grand daughter and 1020 is an ET calf out of the best polled cow we have sired by a grandson of the famous 3008 bull. Here is a chance to get in on the ground floor.

**Lot 17 & Lot 18** Here is a pair of bulls sired by the old bull 1087 the bull we sold to Hansens for \$125,000 for a ¼ interest and possession. Many of our commercial range bull buyers comment to us all the time that best range bulls they ever used were sired by 1087. 1087 was the most used Hereford bull ever used the world over. He made a big impact in Australia, New Zealand, England, Scotland, Ireland, South Africa, Zimbabwe, all of the South American countries, Mexico, Norway, Sweden, Denmark and of course Canada. I'm sure I have forgotten some countries but not on purpose. These 2 bulls are thick and square really heavy quartered. They both are red eyed and just stout bulls. 1063 being out of one of the very best cows on the ranch (6238) sired by 3007, she has a great udder. 1041 is out of 6043 also a very good 3007 daughter.

**Lot 19-50** Without a doubt this is the most uniform set of bull calves we have ever had. We didn't have time or room to work with all of them but I will tell you I'm the proudest of this entire bunch of bull calves of any we have ever had. You folks that need several bulls need to look to fill your needs in this uniform stout set of bulls that will add pounds and muscle shape in your calves. Uniform sets of calves sell best on the video sales. These calves are sired mostly by 626S and 7127 that are ¾ brothers we got from Churchill out of Neon and great uddered line one cows that are sisters. These calves are also by a Harland bull we got from Stuber that had nearly a 16" rib eye, plus Yankee and a Yankee son.

**Lot 51-70**

**FALL HEREFORD BULLS**

We have a pretty large group of fall and winter bull calves. They are very stout made set of calves that are not very fat really ready to go out and go to work. These fall calves are mostly by Neon 7127 and 1065 Domino 5105 a bull out of Joe's favorite cow (1204) with a great udder by 6149 and sired by 1065. And a few winter calves by the Bill Cox bull that he sold to Gary Ottley and that we used this bull is a son of the Colyer bull 4011. 4011 was a popular show bull and won several shows and is a low birth weight bull. These calves are all out of those three bulls which makes them pretty uniform. You customers that like to get fall bulls I think this is a nice set of calves. This whole set of bulls have moderate BW and really good other numbers.

**STEER Sired BY NEON 7127**

**Lot 71-113** We have a really strong set of coming 2 year old bulls this is the best for sometime. The bull we are starting this set of bulls with is bull we bred a few heifers to and a bull with a great pedigree his EPD's are a little low because of being out of old old genetics the bull 2637 is out of Miles City bull bred by Herbel's and out of the Foundation cows that Bonnie J started with, and out of a great red eyed 3007 cow. He should be a great heifer bull. In the group of coming-two-year olds there are as follows 8 bulls sired by 2637, 7 bulls sired by 7127, 8 bulls sired by 7052, 9 bulls by Harland 1117, 4 bulls by 5105, 2 bulls by 626S, 2 by 2007, 1 by 9131J and one ET bull by 9454. We think you will like them and you will like the EPD's also. Several of these are out of 2 year old heifers and it was the greatest set of 2's we have ever calved, they did a great job of raising this set of bulls. This should be a good set of bulls for birth weight.

We have some very exciting bulls in this year's sale. We have two Polled bulls from Dr Jon Beaver from Illinois. These bulls are really good bulls with super EPD's. The sire of the 024X bull is by Absolute a bull with as much spread from birth to yearling as any bull in North America and good Oxley cow. 021X is out of what Jon says is the best cow on his place. These bulls are dark red with pigment around their eyes. They are definitely herd bull caliber.

We have a very good red eyed coming 2 year old bull from out partner Hank Nelson. He is thick and square he is sired by our 6089 bull which is sired by Mark Donald 3007. This pedigree is very interesting, Mark Donald on top and 3008 on the bottom. His dam's sire is a grandson of 3008 the bull the other Bennett's (in Virginia) have used successfully. The Grand Champion bull for Ned and Jan Ward at Denver goes back to 3008. This bull should be used in somebody's purebred herd. He has great EPD's and real good conformation.

This big 2-year-old bull is as stout of bull as we have ever raised. 0011 is as good a Angus as we ever sold in our sale. He will sire as much performance as you can find in the Angus breed. He is sired by a Bill Rischel bull that Neil Kayser and I bought a few years ago. We guarantee this bull to be Genetically Free of all the genetic abnormalities as we do all the Angus & Hereford bulls in the sale Jon Beaver tested his sire and found him to be free. This bull's dam has been a great cow going back to the old Intrigue bull and out of one of the great old cows from Mike Linstrum. When they come from Mike they have longevity. Mike raised Krugerrand one of the greats of all time. Bill Rischel has raised more carcass cattle than any other Angus breeder. This bull is good enough to be a herd sire but he will also make a superior range bull

**HEREFORD HEIFER CALVES**

**Lot 143-152** These little ladies are a great compliment to their bull counter parts. These girls take all that rugged functionality of their brothers and turn a complete 180 and are as feminine as they can be. They will be functional for a prospect brood or donor cow, or just another ace in the hole for your cow herd.
